

**CALL FOR PAPERS
SPECIAL SESSION ON**

**“Recent trends in Vehicle Routing Problem and applications”
for CODIT’18**

April 10-13, 2018 – Thessaloniki, Greece

Session Co-Chairs :

Dr. CHRAIBI Abdelahad, Université de Valenciennes, Valenciennes, France

Dr. Abdessamad Ait El Cadi, Université de Valenciennes, Valenciennes, France

Prof. Saïd Hanafi, Université de Valenciennes, Valenciennes, France

Session description

The Vehicle Routing Problem (VRP) –with its different variants- is a widely explored research theme in the literature and still very active.

This session is dedicated to works dealing with the optimization and simulation techniques for these vehicle routing problems including, modeling, exact or heuristic approaches, and real case study applications.

The topics of interest include, but are not limited to:

- Vehicle routing problem with different variants
- Maintenance routing problem
- Electric vehicles routing problem
- Inventory routing problem
- Green Vehicle routing problem

...

SUBMISSION

Papers must be submitted electronically for peer review through PaperCept by **December 10, 2017**: <http://controls.papercapt.net/conferences/scripts/start.pl>. In PaperCept, click on the **CoDIT 2018 link** **“Submit a Contribution to CoDIT’18” and follow the steps.**

All papers must be written in English and should describe original work. The length of the paper is limited to a maximum of 6 pages (in the standard IEEE conference double column format).

DEADLINES

December 10, 2017: deadline for paper submission

February 4, 2018: notification of acceptance/reject

February 28, 2018: deadline for final paper and registration.
